

American Dental Plan

**: 30 Radio Commercial**

Written and performed by Michelle Madden (Fenster)

V/O: Female

Do you ever think about dental care? You should! Your teeth are valuable. If you take good care of them, they should last you a lifetime. If you don't, the cost to repair anything from the loss of a single tooth to major procedures like root canal can result in unnecessary bills.

On average, you can expect to pay \$65.00 for a silver filling, \$450.00 for a root canal and even \$28.00 for routine checkups. If these prices don't bother you – they should. You don't have to endure the pain after you leave the dentist's office anymore.

The American Dental Plan has been designed especially for you. By choosing American Dental plan, preventive care is affordable and educational. They will show you how to treat your teeth correctly while saving you money.
